

## How to check for Updates for your Browsers

The Help Article covers the, Chrome, Firefox and Edge Browsers.

### Chrome

Click on the 3 Dots to the top right of the Browser window.

Click on Help near the base of the menu appearing.

Click on About Google Chrome to the left.

Chrome will begin to run an update if such is needed and will indicate that it is up to date.

### Firefox

Click the 3 Bars to the top right of the Browser Window.

Click on Help near the base of the menu appearing.

Click on About Firefox at the base of the next menu appearing.

Firefox will begin to update or if such is needed and will indicate that it is up to date.

### Edge

Click the 3 Dots to the top right of the Browser Window.

Click on 'Help and Feedback' near the base of the menu appearing.

Click on 'About Microsoft Edge' to the left.

Edge will begin to update if such is needed and will indicate that it is up to date.
